

Beaconhouse

SRI LETHIA PRIVATE NATIONAL SCHOOL EXPLORE & LEARN

WELCOME TO BEACONHOUSE SRI LETHIA

It gives me great pleasure to welcome you to Beaconhouse Sri Lethia

At Beaconhouse Sri Lethia, we believe that it is important for our students to be connected to school through positive relationships and a strong sense of community. I believe that every student can learn and be successful if provided the right support and opportunities. Our teachers and staff are committed to providing all students with an appropriate and challenging educational experience in a respectful environment that fosters learning and growth.

Beaconhouse Sri Lethia is a private school located in Klang, offering the Malaysia National Curriculum at primary and secondary school levels. In addition, Beaconhouse Sri Lethia's students also benefit from a gateway to international education. As a Dual Language School, all Science and Mathematics subjects are taught in English, while their participation in the broader school community helps to engender an international mindset and the language fluency needed for successful international tertiary education. Whichever curriculum your child studies from, he or she will benefit from an internationally-minded approach that acts as a passport to global success.

Our heart's desire for education in Beaconhouse Sri Lethia are attributes that we hope every child will embrace by the time they finish their formal education. These outcomes are closely aligned to our Beaconhouse Learners' Profile and help us to build a common purpose for our school, drive our school policies and variety of programmes, and allow us to inspire our student's learning and track their growth.

We continue to evolve our educational offering to ensure we are equipping our students with the right mindset and skill set to enable them to thrive - today and tomorrow.

Lim Mee Wee

Principal, Beaconhouse Sri Lethia

MISSION

Beaconhouse aims to provide quality education of an international standard. We aim for excellence through quality management, quality training, and quality teaching. By doing so we hope to benefit our students, their communities and the wider world.

VISION

Beaconhouse values the right of every individual to realise his or her potential through the acquisition of knowledge, skills and values in a caring and supportive environment. We envision the freedom for each student to think, create and discover on the basis of their cultural and spiritual tradition, whilst respecting those of others. We believe the human mind grows best in a spirit of freedom and cooperation.

We believe in developing responsible citizenship by percept and example.

We aim to provide a friendly and supportive environment for learning that promotes independent, creative and critical thought. Such an environment not only enhance the self esteem of each individual but also challenges them to develop understanding, abilities and talents to th fullest.

At Beaconhouse, we expect and demand high standards from all our students and staff, and we celebrate their achievements.

Beaconhouse values its past and aims to build on its strengths by approaching new ideas with discernment as it continuously looks to the future.

We promote equal opportunities for all our students irrespective of gender and religious, social, ethnic or linguistic background.

ABOUT BEACONHOUSE

**AT BEACONHOUSE WE PREPARE STUDENTS FOR THEIR FUTURE.
WE EMPOWER AND INSPIRE THEM TO REACH FOR EXCELLENCE
AND TO BECOME INDEPENDENT GLOBAL LEARNERS.**

The Beaconhouse Group is considered to be the largest school system of its kind, operating schools in different parts of the world including Malaysia, Oman, United Arab Emirates, Pakistan, Philippines and Thailand. It has provided quality education from pre-school to post-graduate level over 50 years.

Beaconhouse Malaysia currently owns and operates fifteen schools within the Klang Valley, ten of which are Pre-schools, two Private Primary and Secondary Schools which offer the National Curriculum and three International Schools, offering Cambridge IGCSE Programme.

At Beaconhouse we prepare students for their future. We empower and inspire them to reach for excellence and to become independent global learners.

We provide a solid foundation from pre-school to senior school allowing children to harness their individual character and talent in the pursuit of educational success.

Our core focus is to deliver high-quality academic programmes that enable students to achieve their intellectual potential, develop confidence and lifelong-learning skills to improve their prospects beyond school. Our trained, caring and highly motivated teachers provide effective teaching, while giving students the personal attention, advice and support needed.

With high standards that demand up-to-date teaching skills and a range of challenging programmes, Beaconhouse School System brings success within the reach of every student.

BEACONHOUSE LEARNER PROFILE

By emphasising a dynamic combination of knowledge, skills, critical and innovative thinking and global awareness, the Beaconhouse Learner Profile serves as a cornerstone for what it means to be a Beaconhouse student. Our students come from a variety of social, cultural and economic backgrounds, nationally and internationally. The learner profile identifies common attributes that connect Beaconhouse students around the world. Beaconhouse promotes holistic learning that addresses students' intellectual, emotional and physical development, preparing them to become lifelong learners and responsible global citizens. The ultimate aim of the learner profile is to serve as the foundation for our curricula and teaching philosophy.

Creative & Innovative

Students generate original thoughts and ideas that have value and are inspired by imagination and innovation

Analytical

Students create logical connections between ideas and can identify, evaluate and solve problems systematically by relying on their own critical thinking

Resolute

Students are unwavering in their quest to learn and are dedicated, dependable and resilient in both thought and action.

Inquisitive

As natural inquirers, students are curious about their surroundings and, through self-inquiry, can generate knowledge leading to a better understanding of the world.

Empathetic

Good work and community service help students empathise with others, ensuring the creation of a more just, caring and compassionate world.

Globally Aware

Our students cultivate international mindedness, and global dignity to understand and address complex global and environmental issues. They embrace individuals from diverse lifestyles, cultures, religions, and political and social backgrounds, thus cultivating unity through diversity.

Ethical

Students are accountable for their actions and possess a spirit of honesty, integrity, equality, fairness and human dignity and make informed decisions based on these key moral principles.

Healthy and Active

Students are aware and able to make conscious decisions about healthy living and are involved in activities that develop their mind, body and spirit both inside and outside school.

Digitally Literate

Students share ideas and collaborate with others both locally and internationally while responsibly using digital technology and tools to evaluate and create knowledge and information.
